Job #1607: Ceiling Fan - INSTALL

Job Details:

Location of job: The Gardens
Timeframe for request: Ready to Go
Job to be completed by: less than 1 week
Commercial location: No
Homeowner for this request: Yes

What type of ceiling fan installation do you need? Remove an existing
light fitting and install a ceiling fan

Who will supply the ceiling fan? A new fan has been purchased already

Do you want the ceiling fan to have a light? Yes

What is located directly above the area where the new ceiling fan
will be installed? Attic,
Other: roof space

Additional comments on your project We have purchased a ceiling fan
that has 3 inbuilt spotlights. I think it has a pull string and a
remote control.

Job #1481: Electrical Switches, Outlets & Fixtures - INSTALL or REPAIR

Job Details:

Location of job: Manurewa

Timeframe for request: Just pricing a quote

Job to be completed by: less than 1 week

Commercial location: No

Homeowner for this request: Yes

For installation and replacement, what electrical work do you need?
Repair or replace an old switch, fittings or outlet

Select the areas where work is to be done: Bedroom

What is the home construction type? Don't know

Approximately how old is the current wiring in your home? Over 25 years

Additional comments on your project I have four existing light sockets in the room. Two ceiling lights need to be replaced as they are broken - and the two wall lights that need to be completely changed with smaller lights - and replacing the light switches for these lights. Job needs to be done ASAP please.

Job #1433: Electrical Work for a Home Addition or Renovation -
INSTALL

Job Details:

Location of job: Glen Eden
Timeframe for request: Just pricing a quote
Job to be completed by: 3 - 4 weeks
Commercial location: No
Homeowner for this request: Yes

What is the nature of this project? Upgrade existing space

What area(s) of the home will be included in this project? Kitchen,
Other: Hallway

Approximately how old (in years) is the current wiring in your home?
16-25 years

What is the construction type of the renovation? Conventional wood /
timber frame,
Other: Wood Panelling/Gibbed Wall

Which types of electrical devices will you need wiring for? Switches
(standard), Wall outlets,
Other: Lighting

Describe the wall and ceiling access: Crawl space / unfinished under
floor access,
Other: We have sarked ceilings with beams and Wood panelling

Additional comments on your project We are building a wall (not load
bearing) and we will need some switches and light switches
moved/installed. The light switches are currently in Wood Panelling
but will need to be moved into the new wall. Not sure how much room
in the ceiling area but we can go under the floor if easier as floor
access is good.
